NORTHWEST INVESTMENT GROUP LIMITED

CHAIRMAN'S STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2015

On 9 June 2010, Northwest Investment Group Ltd. ("NWIG" or "the Company") raised 3 million pounds from investors and was admitted to trading on the AIM market of the London Stock Exchange. Since then we have been engaging ourselves in identifying high-value investment targets in the hydropower market in Western China in accordance with the investing policy of the Company.

Since admission to AIM, we have dedicated ourselves to make a sizeable acquisition and have engaged with numerous people and organizations in order to acquire or invest in hydropower projects. During the first half of 2015, we closely examined more than three projects for possible investment and as part of this, in early 2015, we started a due diligence exercise on one particular energy project. However negotiations over this project were suspended due to communication issues encountered in the preparation of documentation. At the same time, there was a strong performance in the Chinese stock market in the first half of 2015, which weakened the motivation of two hydropower companies which had been exploring the possibility of raising money on the London Stock Exchange through a combination with the Company. Despite these continued setbacks, the board continues its endeavours to select and search for high-quality assets to be injected into NWIG.

We will update shareholders as and when progress with a target is publishable. Since the Company has not substantially implemented its investing policy within 18 months of Admission then, in accordance with the AIM Rules, the Company's investing policy is subject to the approval of shareholders at the annual general meeting.

In the second half of 2015, we broadened our search to look at other clean energy projects. following the "One Belt One Road" ("OBOR") policy put forward by President Xi of P. R. China, recently broadened to other clean energy projects. However, we have not as yet concluded a transaction given the current financial environment. We will update shareholders as and when appropriate. Since the Company has not substantially implemented its investing policy, it is again being put within 18 months of Admission then, in accordance with the AIM Rules, the Company's investing policy is subject to the approval of shareholders at this year's annual general meeting. The Company's current investing policy is set out in full immediately following this statement and is included, with a number of minor amendments, in the circular containing the Notice of Annual General Meeting accompanying the accounts.

In 2015, the clean energy market in China was boosted following the execution of "One Belt One Road" ("OBOR") put forward by President Xi of P. R. China. That should be a great stimulus to the clean energy industry in Northwest China. In 2015, we dedicated ourselves to finding high-quality clean energy assets and we believe we can complete the acquisition in the near future.

As the business develops, we will continue to attract talented and qualified personnel, to assist us to meet our strategic objectives. I would once again like to extend my sincere thanks to my staff and board for their zeal, vision and support and to Mr Ka Ming Wong for his valuable support from flotation until his departure in January of this year. We continue to search for a replacement Non-Executive Director.

.....
Kaifeng Li
Chairman

29 June 2016

NORTHWEST INVESTMENT GROUP LIMITED

INVESTING POLICY FOR THE YEAR ENDED 31 DECEMBER 2015

The Company's objective is to generate an attractive rate of return for Shareholders by taking advantage of opportunities to invest in the hydropower market in Western China. The Directors believe that Western China is relatively underdeveloped and therefore offers an attractive potential opportunity to invest in hydropower energy. The Directors also believe that it is likely that there will be continued governmental support for investment in hydropower projects in this region. The Company is seeking to make a sizeable acquisition before the next annual general meeting in 2017, which most likely would be deemed a Reverse Takeover and therefore would require shareholders' approval. It does not intend to make any other smaller acquisitions or investments before then. The Company will ultimately aim to acquire/invest in up to 2 power-generation projects with a capacity of approximately 200 megawatts, although the Directors may target projects with a greater capacity. The Directors intend that the construction of these projects would be completed before the next annual general meeting in 2017. Before making an acquisition the Board or an independent third party will carry out a feasibility study report to check the environmental impact and to carry out a relevant profitability analysis for each potential project. The Board will only complete an acquisition if the project is considered environmentally friendly and economically profitable.

The Company will be a value and growth oriented investor, targeting opportunities with the ability for the Company to add value either through its access to capital, its network of contacts or by recruiting high quality personnel. The Company intends to be an "active" investor rather than a "passive" investor.

The Company does not have a fixed life but the Directors undertake to propose a resolution for the winding-up of the Company if no investments are made within six years of Admission. If such resolution is not passed, the Company will continue its operations and a similar resolution will be put to Shareholders each year thereafter if no investments have been made. In addition, pursuant to the AIM Rules for Companies, if the Company has not substantially implemented its investment policy before the next annual general meeting in 2017, the investment policy will be subject to approval by Shareholders at the next annual general meeting and annually thereafter.

As the Company's Investment Policy is, in the first instance, to seek an acquisition which would be deemed a Reverse Takeover and therefore result in the Company ceasing to be an "investing company" for the purposes of the AIM Rules and becoming a holding company of an operating business, it will not be relevant for the Company to undertake periodic reporting of its net asset valuation before such an acquisition is made. Full year and half yearly financial reporting is undertaken in accordance with the AIM Rules.

The Company has been advised that there are no specific licences, consents or approvals required to carry on the Company's current activities in the BVI. The Company has also been advised that it does not require any specific licences in relation to its current activities in the PRC and that it has reasonable grounds to believe that it can obtain all necessary licences and permits at the relevant time in order to make the proposed acquisition detailed above.

It should be noted that the nature of the Company's activities is speculative and, being dependent on specific investment opportunities, uncertain, accordingly, an investment in the Ordinary Shares is designed only for investors who understand such risks and uncertainties and who can afford to bear the loss of their individual investment.

NORTHWEST INVESTMENT GROUP LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2015

The directors present their report and the audited financial statements for the year ended 31 December 2015.

Principal activities, trading review and future developments

The Company was incorporated in British Virgin Islands on 26 August 2008 under the BVI Business Companies Act 2004 with Company number 1500784.

The Company has been established for the purpose of identifying and acquiring, or investing in, energy projects with a focus on Western China and did not have any trading activity during the year under review.

It is considered that the development of the Company and its position at 31 December 2015 are fairly set out in the accompanying accounts.

Results and dividends

The results for the period are set out on page 9. The directors do not recommend a dividend payment for the period.

Directors and their interests

The directors who have held office during the period and their beneficial interests in the shares of the Company as at 31 December 2015 are:

	Number of shares	%
Kaifeng Li	9,100,000	6.79%
Zheng Kang	-	-
Enxia Liu	3,900,000	2.91%
Kaming Wong (resigned 18 January 2016)	-	-
Yi Feng	-	-

Directors' remuneration

Directors' remunerations during the year was as follows:

	£'000
Executive	
Kaifeng Li	20
Zheng Kang	16
Enxia Liu	12
Non-executive	
Kaming Wong (resigned 18 January 2016)	4
Yi Feng	4

Directors' remuneration includes salary and fees received for services rendered with no pension contributions, options or other benefits paid.

Share dealing code

The Company has adopted and will continue to operate a share dealing code for directors and employees in accordance with the Rule 21 of the AIM Rules for Companies and will take all reasonable steps to ensure compliance by the Company's directors and applicable employees.

Significant shareholdings

As of 17 June 2016 the Company had been notified of the following interests in its ordinary shares which represent 3% or more of the issued share capital of the Company.

Name	Number of shares	%
Xinyan Li	96,000,000	71.64%
Capita IRG Trustees (nominees)	24,997,370	18.65%
Kaifeng Li	9,100,000	6.79%

NORTHWEST INVESTMENT GROUP LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2015

Annual general meeting

The Annual General Meeting of the Company will be held on July 22, 2016 at 20/F Tower B, Yicheng International Centre, No. 10 Ronghua Zhonglu, Yizhuang Economy & Technology Development Zone, Beijing, P. R. China.

Going concern

The financial statements have been prepared on a going concern basis, since the directors are satisfied that the Company has adequate resources to continue in operational existence for the foreseeable future.

Financial instruments

Details of the Company's financial instruments are set out in note 13.

Statement of directors' responsibilities

International Financial Reporting Standards (IFRSs) require the directors to prepare financial statements that present fairly the financial position, financial performance and cash flows of an entity. Fair presentation requires the faithful representation of the effects of transactions, other events and conditions in accordance with the definitions and recognition criteria for assets, liabilities, income and expenses set out in the International Accounting Standards Board's "Framework for the Preparation and Presentation of Financial statements". In preparing those financial statements, the directors are required to:

- present information, including the Company's accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- make an assessment of the group's ability to continue as a going concern and to prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors confirm that they have complied with the above requirements in preparing these financial statements.

Statement of disclosure to auditors

The directors have confirmed that:

- so far as the directors are aware, there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all the necessary steps they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Auditors

A resolution proposing that UHY Hacker Young be re-appointed for the forthcoming year will be put to the Annual General Meeting.

By order of the Board

Zheng Kang
Chief Executive Officer

29 June 2016

NORTHWEST INVESTMENT GROUP LIMITED

CORPORATE GOVERNANCE STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2015

Principles of Corporate Governance

Companies listed on AIM are not governed by the UK Code of Corporate Governance adopted by the London Stock Exchange ('the Code'), but are required to operate principles of good governance and best practice. Accordingly, the Directors are committed to the Code and believe that an effective system of corporate governance supports the enhancement of shareholder value. These principles have been in place since the Company's listing on 09 June 2010.

The directors acknowledge the importance of the Code and intend to apply its principles so far as is practicable taking into account the Company's size and stage of development. The Company had two non-executive directors during the year.

The directors have established Audit and Remuneration Committees with formally delegated duties and responsibilities to operate.

Audit Committee

The Audit Committee, which comprises of Yi Feng and Enxia Liu, determines and examines any matters relating to the financial affairs of the Company including the terms of engagement of the Company's auditors and, in consultation with the auditors, the scope of the audit. The Audit Committee receives and reviews reports from the management and the external auditor of the Company relating to the annual and interim accounts and the accounting and internal control systems of the Company. In addition, it considers the financial performance, position and prospects of the Company and ensures they are properly monitored and reported on.

Remuneration Committee

The Remuneration Committee, which comprises of Yi Feng and Enxia Liu, is responsible for making recommendations to the Board on the Company's framework of executive remuneration and its cost. The Committee determines the contract terms, remuneration and other benefits for each of the Executive Directors and senior employees, including performance related bonus schemes, pension rights, option scheme and compensation payments.

The Board

The Board is responsible for formulating, reviewing and approving the Company's strategy, budgets and corporate actions. The Company held board meetings regularly and at other times as and when required. The Board is responsible to shareholders for the proper management of the Company.

Directors

During the year, the Board comprised the Chairman Kaifeng Li, Chief Executive Officer Zheng Kang, Executive Director Enxia Liu, and Non-Executive Director, Yi Feng.

Internal controls

The directors are responsible for the Company's system of internal controls and reviewing its effectiveness. The Board has designed the Company's system of internal controls in order to provide the directors with reasonable assurance that its assets are safeguarded, that transactions are authorised and properly recorded and that material errors and irregularities are either prevented or would be detected within a timely period. However, no system of internal controls can eliminate the risk of failure to achieve business objectives or provide absolute assurance against material misstatement or loss.

The key elements of the control systems in operation are:

- The Board meets regularly with a formal schedule of matters reserved to it for decision.
- It has put in place an organisational structure with clear lines of responsibility defined and with appropriate delegation of authority.
- Established procedures for the planning, approval and monitoring of capital expenditure and information systems for monitoring the Company's financial performance against approved budgets and forecasts.

Relations with shareholders

The Board attaches great importance to maintain a good relationship with shareholders. The Board regards the annual general meeting as a good opportunity to communicate directly with investors who are encouraged to make inquiries to officers of the Company.

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF NORTHWEST INVESTMENT GROUP LIMITED**

We have audited the financial statements of Northwest Investment Group Limited for the year ended 31 December 2015 which comprise the statement of comprehensive Income, the statement of financial position, the statement of changes in equity, the statement of cash flows and related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

This report is made solely to the Company's members, as a body. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors. We are not required to consider whether the board's statements on internal control cover all risks and controls, or form an opinion on the effectiveness of the Company's corporate governance procedures or its risk and control procedures.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/apb/scope/private.cfm

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2015 and the Company's loss for the year then ended; and
- have been properly prepared in accordance with IFRS as adopted by the European Union.

NORTHWEST INVESTMENT GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2015

1 GENERAL INFORMATION

Northwest Investment Group Limited is a Company incorporated on 26 August 2008 in British Virgin Islands under The BVI Business Companies Act 2004. The Company has been established for the purpose of identifying and acquiring, or investing in, energy projects with an initial focus on Western China. The address of the registered office is Sea Meadow House, Blackburn Highway, P.O. Box 116, Road Town, Tortola, British Virgin Islands. The Company's business review is set out in the Chairman's Statement and Directors' Report.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") issued by the International Accounting Standard Board (IASB) and interpretations of the International Financial Reporting Interpretations Committee (IFRIC), as adopted by European Union.

The financial statements are prepared on the historical cost basis and presented in round thousands ('000).

The Company has adopted all relevant standards effective for accounting periods beginning on or after 1 January 2015 from the beginning of the reporting period.

As at end of the reporting period, the Company has not adopted the following standard as it is either not effective or not applicable to the Company's business.

Standards, amendments and interpretations (not yet endorsed by EU at 31 December 2015)

- IFRS 16 Lease (January 2016)
- Amendments to IAS 12: Recognition of Deferred Tax Assets for Unrealised Losses (January 2016)
- Amendments to IAS 7: Disclosure Initiative (January 2016)
- Clarifications to IFRS 15 Revenue from Contracts with Customers (April 2016)
- Amendments to IAS 27: Equity Method in Separate Financial Statements (August 2014) – EU effective date 1 January 2016
- Amendments to IAS 1: Disclosure Initiative (December 2014) - EU effective date 1 January 2016
- Annual Improvements to IFRSs 2012-2014 Cycle (September 2014) - EU effective date 1 January 2016
- Amendments to IAS 16 and IAS 38: Clarification of Acceptable Methods of Depreciation and Amortisation (May 2014) - EU effective date 1 January 2016
- Amendments to IFRS 11: Accounting for Acquisitions of Interests in Joint Operations (May 2014) - EU effective date 1 January 2016

There are no other standards, amendments and interpretations in issue but not yet adopted that the directors anticipate will have material effect on the reported income or net assets of the Company.

2.2 Going concern

The financial statements of the Company are prepared on a going concern basis. The Directors are of the opinion that the Company has sufficient cash to fund its activities in excess of twelve months from the date of these financial statements' approval.

NORTHWEST INVESTMENT GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2015 – continued

2.3 Foreign currencies

Functional and presentational currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in pound sterling ("£"), which is the Company's presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates of the monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

2.4 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of reporting period, and any adjustment to tax payable in respect of previous periods.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the statement of profit and loss, except when it relates to items charged or credited directly to equity, in which case it is recognised in equity.

NORTHWEST INVESTMENT GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2015 – continued

2.5 Financial instruments

Financial instruments are recognised when the Company becomes a party to the contractual provisions of the instrument.

Receivables

Receivables are measured at initial recognition at fair value, and are subsequently measured at amortised cost using the effective interest rate method. Appropriate allowances for estimated irrecoverable amounts are recognised in profit or loss when there is objective evidence that the asset is impaired. The allowance recognised is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the effective interest rate computed at initial recognition.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand on deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and have an original maturity of three months or less.

Financial liabilities and equity

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Payables

Payables are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

NORTHWEST INVESTMENT GROUP LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2015 – continued**

3 EXPENSES BY NATURE

	Year ended 31 December 2015 £'000	Year ended 31 December 2014 £'000

Operating lease payments	120	120
Other expenses	13	13
	<u>308</u>	<u>307</u>
Total administrative expenses	<u>308</u>	<u>307</u>

4 EMPLOYEE BENEFIT EXPENSE

	Year ended 31 December 2015 £'000	Year ended 31 December 2014 £'000
Staff costs	57	57
Directors' remuneration	59	59
	<u>116</u>	<u>116</u>
	Number	Number
Average number of employees	<u>15</u>	<u>15</u>

5 INCOME TAX EXPENSE

The Company was registered in BVI. It is not regarded as resident for tax purposes in BVI. Therefore it will not be liable to BVI income tax in respect of this other than BVI source income.

6 LOSS PER SHARE

The calculation of the basic loss per share is based on the profits or losses attributable to ordinary shareholders divided by the weighted average number of shares in issue during the period.

The calculation of diluted loss per share is based on the basic loss per share, adjusted to allow for the issue of shares and the post tax effect of dividends and /or interest, on the assumed conversion of all dilutive options and other dilutive potential ordinary shares.

Reconciliation of the loss and weighted average number of shares used in the calculations is set out as below:

NORTHWEST INVESTMENT GROUP LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2015 – continued**

	Year ended 31 December 2015 £'000	Year ended 31 December 2014 £'000
<i>Losses</i>		
Losses for the purposes of basic and diluted loss per share	<u>(308)</u>	<u>(307)</u>
<i>Number of shares</i>	Number	Number
Weighted average number of ordinary shares for the purposes of basic losses per share	<u>134,000,000</u>	<u>134,000,000</u>

NORTHWEST INVESTMENT GROUP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2015 – continued

13 FINANCIAL INSTRUMENTS

Credit risk management

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the Company to incur a financial loss. The Company is exposed a credit risk from its financing activities, including deposits with banks and financial institutions.

Currently, the Company is exposed to 100% of credit risk to one counter party. However the counter party is a financial institution with high credit-ratings assigned by international credit-rating agencies.

Liquidity risk

Prudent liquidity management implies maintaining sufficient cash locally and the availability of committed credit facilities. The Company is mainly financed by equity and self-generated cash flows.

Interest rate risk

The Company's policy is to fund its operations through the use of retained earnings and equity.

The Company exposure to changes in interest rates relates primarily to cash at bank. Cash is held either on current or short term deposits at floating rate of interest determined by the relevant bank's prevailing base rate.

The group seeks to obtain a favourable interest rate on its cash balances through the use premium accounts.

Financial risk management

The Company will be exposed to financial risks arising from changes in world commodity prices which in turn affect the energy supplies and raw material changes in world prices of biodiesel, inflation and international trends in trade, tariffs and protectionism once it starts trading. The Company will reviews its position regularly in considering the need for active financial risk management.

Fair values

There is no significant difference between the carrying amounts shown in the balance sheet and the fair values of the group's financial instruments. For current trade and other receivables/payables with a remaining life of less than one year, the nominal amount is deemed to reflect fair value.

Foreign currency risk management

The Company undertakes certain transactions denominated in foreign currencies, hence exposure to exchange rate fluctuations arise. During the period under review the Company was not trading, therefore, no foreign currency risk arose. The Company's policy, as it relates to currency risk, is to limit payment terms.

Capital risk management

The Company manages its capital to ensure that it will be able to continue as a going concern while attempting to maximise the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the group consists of cash and cash equivalents and equity attributable to equity holders of the Company, comprising issued capital, reserves and retained earnings.

The Board reviews the capital structure on an annual basis. The Company's overall strategy remains unchanged.
